22 Pistepirkko - Nappy King Blues

When I was a nappy king
then I was a happy king
when I was a nappy king

When I was a nappy king
then I was a happy king
when I was a nappy king

When I was a nappy king
still was my bellys swing
me and pals was having chill

I can't see me anymore
I can't hear if I lie
doing it like Elbow Lyle

I can see me near the moon
I can see I live a low
Gotta stop this dream of bow
